

Dear Dr Mayson and Staff,

I would just like to say thankyou for all your help. I am forever grateful. I could not imagine in my wildest dreams that my breasts would look that good and that natural. I have alot more confidence now thanks to you. And for the scars...What scars I say?! I could not believe and still can not believe how perfect everything turned out. Sometimes I just look in the mirror at my breasts because their such a work of art, and I owe that to you Dr Mayson. I am so happy you could not believe! For anyone who was considering breast augmentation or anyone who had doubts I say lie for it! it is worth it! Dr Mayson and his staff are always there to help you with any questions, doubts or problems. It is worth it and I would defirately do it again, I would do it again in an instance. Not to mention how great they look and make you feel. It changed my life and I thankyou for that, it was such a great confidence boost. Debbie, I would like to say thankyou aswell! From the first time I rang you were a wonderful help. You helped and answered every single one of my questions and more. So thankyou, you were a great help to me and I appreciate it.
